SUMMARY

I am a curious developer who is proficient in various platforms, languages, and embedded systems. Able to effectively self-manage during independent projects, as well as collaborate as part of a productive team.

SKILLS

HTML	JQUERY
CSS	GITHUB
JAVASCRIPT	NETLIFY
GIT	NODES.JS
TAILWINDCSS	LOOM
BOOTSTRAP	
VISUAL STUDIO CODE	

EDUCATION

CODESPACE ACADEMY

SOFTWARE DEVELOPMENT CERTIFICATE
(15 JANUARY 2024 - PRESENT)

Front-end fundamentals including HTML5, CSS3, JavaScript (ES6), and frameworks (Tailwind CSS) were all part of the demanding curriculum. I also learned about web page hosting services like Netlify and version control systems like Git and GitHub. I routinely participated in group activities and one-on-one coaching sessions throughout the course. Projects of varied sizes and lengths were used to teach and assess each language and ability. A course on building a strong foundation for a career in software development was also included.

PROJECTS

CODESPACE ACADEMY COURSE

(2024 - PRESENT)

- **MOBILE APP**

  https://qaicon418-sdf07-add-cart.netlify.app/

  I have developed a mobile shopping cart application utilizing Firebase, a platform offering functionalities such as Realtime Database, Authentication, Cloud Firestore, Hosting, and Cloud Functions.

- **CACHE LANDING PAGE**

  https://github.com/Qailahc/Cache-Bank-Landing-Page

  I have developed a Cache Landing Page with the aim of enhancing my proficiency in TailwindCSS.
